Stolen Honda 4 stroke motor, EPA award

On Thursday night, August 26, a **Honda 4 stroke, 30hp outboard motor was stolen from River Keepers**. It was on long term loan to us from the North Dakota Game and Fish Department. We used the motor as part of our water quality monitoring and river clean up efforts. The motor was not insured. **If you have any information that would lead to its recovery, please contact us.**

Fall group volunteer projects are in full swing. Thanks to NDSU and Concordia freshman for participating in riverfront cleanups. Concordia College also participated in the storm drain marking program. **If you have a group that is looking for a fun outdoor volunteer project, call Christine at 235-2895 for more information.**

Remember, the **EPA award presentation** mentioned in the previous e-mail newsletter is **on Wednesday, September 1st at 2 P.M. at the east of the Hjemkomst parking lot**. Your attendance is welcome.

If you would like to be taken off this e-news list or have comments please respond to this e-mail.
