Subject: Bicycle Pedestrian Plan, geology/groundwater3D mapping presentation

The Fargo-Moorhead Metropolitan Council of Governments is hosting two public input meetings to review the draft Metropolitan Bicycle and Pedestrian Plan. The purpose of the plan is to establish a 20 year vision that recognizes and promotes non-motorized means of transportation in the F-M Metro area. The public is invited to provide comments, discuss concerns, and offer feedback on the draft plan. River Keepers has been actively involved in the development of the plan, specifically as it relates to riverfront planning.

Open House/Public Input Meetings:

* 1-7 p.m. on Friday, February 17 at NDSU's Memorial Union, Meeting Room #319.

* 4-7 p.m. on Tuesday, February 21 at MSUM's Comstock Union, Meeting Room #227.

The draft plan can be viewed at the Metro COG office, City planning offices, public libraries, River Keepers office, or online at www.fmmetrocog.org.

If you are unable to attend but wish to provide input, please contact Kajari Laskar at 701-232-3242 ext. 35 or at laskar@fmmetrocog.org. If you forward a comment that relates to the Red River, we would appreciate receiving a copy.

Harvey Thorliefson, MN Geological Survey, will be giving a 3-D presentation of recent geology/groundwater mapping which was conducted by MGS and DNR as a part of the Bureau of Reclamation' water supply for the FM area at 9:30 a.m. on February 16 in the Moorhead City Council Chambers (first floor of City Hall).

If you would like to be taken off this e-news list or have comments, please respond to this e-mail.
